Would You Like To Have

A FREE TRIP To CUBA

FOR YOUR VACATION?

The Alabama Press Association will hold its summer meeting in Havana, Cuba, and for the first time in many years has arranged to give outsiders the advantage of a specially planned summer trip at an unusually low price.

The trip will be made beginning on June 14th and will consume seven days, four of which will be spent in Cuba. The Association and all who accompany the party will be given special entertainment by newspaper men and officials of Cuba, and will enjoy courtesies not extended to all visitors.

This seven-day outing, with all expenses paid, is being offered for the extremely low price of

\$73.15

In just a few days The Clipper will have a supply of advertising matter, explaining all features of the trip, and will be glad to give this information to those who desire it.

If you are interested in the free trip, or would like to have further information about the plans, we will be glad to discuss the matter with you.

THERE ARE PLENTY of Jersey bulls in America, but only one A among all the thousands, stands out as National Champion. Foremost Highflyer won 1935 honors at the National Dairy Show, St. Louis, Mo.-a magnificent creature to which Nature gave the vital spark, the perfect natural balance of all the elements that go to make a champion. Wonderful top line, great body, fine neck, shoulders, big barreled, good on his legs-Foremost Highflyer had everything!

Most bulls are just bulls, average strong, average good, but just plain ordinary bulls. There is only one Foremost Highflyer. He stands out the King of them all—the champion. The champion bull is Nature at her best-one of Nature's wonder creations. Favored by Nature, with her priceless gift of perfect natural balance, the champion is almost beyond price, while another bull that may look a little like him-well, he's just

And here is another wonder-creation of Nature-Natural Chilean Nitrate. Like the champion bull, Natural Chilean is favored by Nature with that priceless gift of natural balancenatural blend of many elements such as boron, calcium, manganese, etc., over and above its nitrogen. Nature gave the vital spark to this nitrogen fertilizer by blending into it these vital impurities. Nature herself aged it, cured it . . . that's why Natural
